

Make 2

Make 2

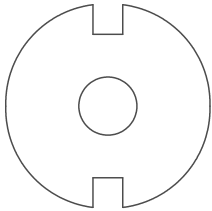

Technical drawing of a ship's hull section, showing the 'Forward View' and 'Make 2' views. The drawing includes a 'Hatch' area and a '103.2°' angle measurement.

The drawing is a technical illustration of a ship's hull section. It features a large, irregular shape representing the hull, with a smaller rectangular area labeled 'Hatch' inside. A line labeled 'Make 2' indicates a specific view or section. An angle of 103.2° is marked between two lines, likely representing the hull's curvature or a structural joint. The text 'Forward View' is written vertically on the left side, indicating the orientation of the drawing.
